

The Supercar Event Exhibitor Rate Card Saturday 24th & Sunday 25th June 2017

The Event

The Supercar Event, now in its 11th year, offers car enthusiasts and families a great day out at the home of BBC's 'Top Gear'. The event offers a variety of rides in fantastic Supercars, Caterham Sevens, helicopters, fire engines and much more, all in aid of The Children's Trust.

Building from the success of previous events, The Supercar Event has been growing and turned into a 2 day extravaganza with over 16,000 visitors. The Supercar Event is entirely unique providing fantastic exposure and networking opportunities. It gives our visitors, car enthusiasts and families, the opportunity for a ride of their life in an incredible supercar, whilst helping to raise money for a very special children's charity.

The Children's Trust

The Children's Trust is the UK's leading national charity providing care, education, therapy and rehabilitation to children with multiple disabilities, complex health needs and acquired brain injury. The Children's Trust's aim is to reach more children across the UK. Funds raised by The Supercar Event will make a huge difference to the expansion and development of our Community Support Service for children who are living with the long term effects of an acquired brain injury from all over the UK.

Exhibition Space rate card

The event is held entirely outdoors and therefore all stands are situated outside. You will need to provide your own stand and all materials including power.
